#### Virgin Islands

**7/15** DC Wanted. 100% cash practice. Partner or new owner to share or take over a small, successful, growing practice. Must be a licensed, traditional, hands-on, full-body Chiropractor. Must like tropical island life with white sand beaches & turquoise warm waters! Best suited for a single or couple ready & willing to move soon. Instant 50/50 (ask me how) income, little expense, no stress. Seriously ready. If not a buy-out, last calculated at about \$55K (25K down/30K+interest over 2 years), how about a smaller buy-in. \$10K & a 50/50 income split for the new DC's patients. Then the additional attraction is I am planning be off-island (out of town) often, my wife lives in St John, USVI, so the new DC would treat my patients & I would split that income 50/50, thus an instant income. Great for the new DC also because most of NP's come from referrals. Down the road the new doctor could decide on the total buy-out. Call 284-541-4141 or email me for details at [bewell@hotmail.com](mailto:bewell@hotmail.com).

**7/1** For Sale. *MO*. Used Bennett High Frequency X-ray Unit with everything you need to start right away! The model is HFQ-6000P and it's serial number can be provided to those interested. Cables, generator, tube stand, etc are all very technical in their detail so I will send you anything you need if requested. I bought this unit in early 2006, but unfortunately do not use it enough to warrant the space, and I want to make room for another adjusting room. If you are thinking of starting a practice and are considering an x-ray unit for your practice, this is an excellent deal. I paid just under 20K for this, and I am asking just \$12,000 (if you arrange for transport and setup) or \$14,000 if you need me to arrange for transport and setup. The 2K difference is what I was quoted for removal, transport and set up, and you may be able to find someone who can do it cheaper. This price includes everything I have for taking x-rays: 4 14x17 cassettes, 2 10x12, 4 8x10. Hope Micro-max automatic film processor, lead barrier with glass window, safelight, id flasher, caliper, gonad shield, and pair of L/R markers. This unit works great! I would love to have anyone interested come over and I will take as many x-rays as you need to determine how well this unit works. I will show you past films and want you to be comfortable and happy with everything you get out of this. There is nothing wrong with this unit; I am just going in a different direction

in my practice. If interested, please email [jmhanft@gmail.com](mailto:jmhanft@gmail.com) or call 573-875-4673 (office) 573-881-4274 (cell) anytime.
