

VA Chiropractic Resident Recommendation Form

VA Chiropractic Residency Program overview

Residents provide full diagnostic and management services for musculoskeletal and neuromuscular conditions under the mentorship of senior VA doctors of chiropractic (DCs). This includes team-based management of complex conditions in collaboration with medical and other healthcare providers. Residents also engage in clinical rotations through primary care, medical/surgical specialties, mental health, and rehabilitation disciplines. Additionally, residents participate in various scholarly activities, and attend and give presentations at multiple academic/research venues of the VA facility and/or its affiliates.

Please consider this applicant in context of the above-described training program.

Applicant's name:

How long have you known the applicant?

In what capacity have you interacted with and come to know the applicant?

Were you previously, are you now, or are you about to become related to the applicant as family, or associated through a professional or financial arrangement? If yes, please explain.

Please rank the applicant compared to other students/chiropractors of similar experience levels. If you do not have adequate knowledge to rate a given area, please indicate UA for "unable to assess."

	Top 5%	Top 25%	Top 50%	Lower 50%	UA
