

**January 21-22, 2017**  
**Basic Acupuncture - Session #5**  
**Instructor: Zev Myerowitz, DC, Dipl.Ac.**  
**(NCCAOM), Lac.**

In this session of the 100-Hour Acupuncture Certification Course Dr. Zev Myerowitz presents a detailed study of the Liver Meridian Patterns, Pathogenic Factors, Emotions, Diet, Qi Stagnation, Blood Stasis, Liver Fire, Liver Wind, Damp Heat, Cold Stagnation, Blood Deficiency, Yang Rising, Combinations, and needling of each point. In hours 3 and 4 Dr. Zev does a detailed study of the Ren Meridian, Special Effect Points, and conditions treatable, with needling of each point. In hours 5, 6 and 7 he provides a detailed study of the Du Meridian, Special Effect Points and conditions treatable, with needling each point. In hours 8, 9 and 10 he covers Scalp Acupuncture. In hours 11 and 12 he describes and discusses the Eight Extra Vessels, Special Effects, Treatment Techniques, Needle, Electro, Ion Pumping, and Ba Gua. In hours 13, 14, and 15 Dr. Myerowitz discusses the Five Element transporting and application. He wraps up with a Tongue and Pulse Diagnosis workshop. This course is taught by one of the most knowledgeable and most popular acupuncturists in our profession, so it is with great pride that

we welcome him to our campus. Zev J. Myerowitz, D.C., Dipl.Ac. (NCCAOM) is a 1978 graduate of Logan College of Chiropractic. He is a Diplomate of the National Certification Commission for Acupuncture and Oriental Medicine and a Licensed Acupuncturist in the state of Maine. He has had extensive advanced training in acupuncture, Taoist studies, facial rejuvenation, and gynecology in TCM. He holds postgraduate teaching positions at Parker College of Chiropractic and Cleveland Chiropractic College. He is President of the American Academy of Chiropractic Acupuncture and of the Acupuncture Society of New England. Dr. Myerowitz has received numerous chiropractic and acupuncture awards and is the author of a number of books and articles. Please join us for this opportunity to study with Dr. Myerowitz.

## 100-Hour Basic Acupuncture Certification Program

September 10-11, 2016 - Session #1  
 October 22-23, 2016 - Session #2  
 November 19-20, 2016 - Session #3

December 17-18, 2016 - Session #4  
 January 21-22, 2017 - Session #5  
 February 25-26, 2017 - Session #6

# SCHEDULE

**January 28-29, 2017**  
**Women's Health / Men's Health**  
**Instructors: Michelle Smith, DC & Christine A. Sigman, MD,**  
**Michael Thompson, DC,**

This weekend we present, for the first time anywhere, an outstanding seminar on Women's Health and Men's Health. The weekend consists of two excellent presentations with three outstanding instructors. The program is designed to take your practice to the next level as you assist your patients with their very specific health concerns. On Saturday Dr. Michelle Smith and Dr. Christine A. Sigman provide a well-rounded approach to women's health conditions. Drs. Smith and Sigman will discuss the all-important topics of gut health, cardiovascular disease, autoimmune disease, osteoporosis and peri-menopause/menopause in women's health. An overview discussion of new/current labs/testing and treatment options of medical, nutritional/supplement and other modalities will be provided for each topic. On Sunday Dr. Michael Thompson will examine the top health issues facing men today. He will discuss how these health issues are impacting outcomes of current conditions treated in our offices. He will also address the role that chiropractors can, and should, fill for their patients facing these health challenges. Dr. Thompson will include case presentations including adjusting procedures, nutritional counseling, and posture/rehab protocols. Michelle Smith, DC is a 2000 cum laude graduate of Logan College of Chiropractic. Dr. Smith has 200+ hours of acupuncture

and is the Manager of Integrated Medicine and Therapy Services at Mercy Hospital St. Louis. Dr. Smith has written several research studies, manages day-to-day operations at Mercy for 40 coworkers and has had numerous speaking engagements on integrated medicine to include newspaper articles, TV interviews, radio interviews and presentations. She is certified in meridian therapy/acupressure/acupuncture; certified in auriculotherapy; and certified in Whole Food Nutrition. Christine A. Sigman, MD is a 1996 graduate of St. Louis University School of Medicine. Dr. Sigman did her internship and residency in internal medicine at St. John's Mercy Medical Center. She received her Masters in Integrative Medicine from George Washington University School of Medicine in 2015. She is certified by the Board of Internal Medicine and the American Board of Antiaging/Regenerative Medicine. Dr. Sigman is a physician of internal medicine at the Mercy Clinic in Ballwin, Missouri. She has taken part in numerous clinical studies, has taught physical therapy students, medical students, and nurse practitioner students, and has contributed to a number of publications and abstracts. Michael Thompson, DC, MA, CCWP graduated magna cum laude from Logan College of Chiropractic in 1994. He holds a Masters degree in exercise science from Indiana State University and is a Certified Chiropractic Wellness Practitioner. Dr. Thompson served in a variety of leadership positions with the Kentucky Association of Chiropractors and currently serves on the International Chiropractic Association Board of Directors for the Council on Wellness Science, and is a member of the National Wellness Foundation. Dr. Thompson maintains two successful chiropractic practices in Frontenac and Festus, Missouri where he uses a "whole person" approach to healthcare. Please join these three impressive instructors for these important lectures - only on the campus of Logan University.

**February 4-5, 2017**  
**Diplomate Acupuncture - Session #1**  
**Instructor: Zev Myerowitz, DC, Dipl. Ac. (NCCAOM), Lac.**

This weekend we present another Logan first: The Diplomate Acupuncture Certification course. This is a 5-session, 100-hour course that when combined with the Basic Acupuncture 100-hour course and the Advanced Acupuncture 100-hour course culminates in 300 hours of acupuncture training that makes you eligible to sit the Diplomate Chiropractic Acupuncture examination of the American Board of Chiropractic Acupuncture. This graduate level course focuses heavily on TCM diagnosis including pulse and tongue. Dr Zev Myerowitz and Dr. Kristine Tohtz go deeper into external pathogenic factors, diagnosis, pathology, clinical manifestations of the patterns of the Internal Organs, the six stages, four levels and three burners. These renowned instructors delve deeply into the eight extra vessels, the four seas, Window of Heaven points, 12 Heavenly Star points, Ghost points, points of the Eye System and Five Command points. In this module Dr. Myerowitz discusses General Theory, Functions of the Yin Internal Organs, and Tongue Diagnosis. The required textbook for this course is *Foundations of Chinese Medicine* by Maciocia 2<sup>nd</sup> Edition. The book is available at the Matthews Logan University Bookstore by phone 1-800-782-3344, by email: bookstore@logan.edu, or in person. If you're serious about becoming a master of chiropractic acupuncture then this is the course for you! The course is taught by Zev Myerowitz

DC, Dipl.Ac. (NCCAOM), Lac. and Kristine Tohtz, DC DABCA, MSAC, Cert.MDT, CACCP. Dr. Myerowitz is a 1978 graduate of Logan College of Chiropractic. He is a Diplomate of the National Certification Commission for Acupuncture and Oriental Medicine and a Licensed Acupuncturist in the state of Maine. He has had extensive advanced training in acupuncture, Taoist studies, facial rejuvenation, and gynecology in TCM. He holds postgraduate teaching positions at Parker College of Chiropractic and Cleveland Chiropractic College. He is President of the American Academy of Chiropractic Acupuncture and of the Acupuncture Society of New England. Dr. Myerowitz has received numerous chiropractic and acupuncture awards and is the author of a number of books and articles. Dr. Kristine L. Tohtz is a 2001 magna cum laude graduate of National University of Health Sciences (NUHS) in Lombard, Illinois. She holds a Master's of Science Acupuncture (MSAc) from National University of Health Sciences. She is a post-graduate instructor for NUHS where she specializes in Pregnancy, Pediatrics and Acupuncture. Dr. Tohtz is the Clinic Director of Serenity Family Wellness LTD in Chicago, Illinois.

**Times: Saturday 8:00am - 8:00pm**  
**Sunday 7:00am - 3:00pm**  
**Tuition: \$395 Regular Registration**  
**\$355 Early Bird Tuition\***

**\*Tuition must be received by January 20, 2017 to qualify for discount.**

## Diplomate Acupuncture Certification Program

February 4-5, 2017 - Session #1    April 1-2, 2017 - Session #3  
 March 4-5, 2017 - Session #2    May 6-7, 2017 - Session #4

June 3-4, 2017 - Session #5

# SCHEDULE

**February 11-12, 2017**  
**Auriculotherapy and Scalp**  
**Micro-Acupuncture**  
**Instructor: Gary Ditson, DC, LAc.**

Dr. Gary Ditson is one of our most popular acupuncture instructors and he is an absolute expert on Auriculotherapy and Scalp Acupuncture. This weekend he presents a comprehensive class on these two powerful acupuncture micro-systems. Dr. Ditson states that "the purpose of this course is to reinforce Auriculo and Scalp Micosystems to the acupuncture practitioner for the treatment of different conditions." On Saturday Dr. Ditson provides a review of Auriculo Acupuncture and ear anatomy. He describes the landmarks, zones and master points of the ear and then describes and discusses conditions and treatments. He covers Korean 5 Needle weight loss, addictions, and pain control, and then oversees hands-on practice. On Sunday Dr. Ditson presents an introduction and history of Scalp Acupuncture. He describes the anatomy of the skull, the anatomy of the scalp, neurology and blood supply. Then Dr. Ditson discusses locations and indications of areas in Scalp Acupuncture, describes and demonstrates Scalp Acupuncture techniques and discusses conditions treated. He wraps up this excellent 12-hour weekend with

demonstrations and hands-on practice with special needles. Gary Ditson, D.C., LAc is a 1968 graduate of Logan College of Chiropractic and is on the Board of Directors for the Auriculotherapy

Certification Institute and is a frequent and respected lecturer on this healing system and on the acupuncture micro-systems including scalp acupuncture. He recently lectured for the Cancer Treatment Centers of America on auriculotherapy. Dr. Ditson maintains a busy private practice of chiropractic in Wentzville, Missouri where he also uses auriculotherapy, scalp acupuncture and body acupuncture in the treatment of his patients.

**Times: Saturday 1:00pm - 7:00pm**  
**Sunday 8:00am - 2:00pm**  
**Tuition: \$230 Regular Registration**  
**\$195 Early Bird Tuition\***

**\*Tuition must be received by January 27, 2017 to qualify for discount.**

**February 18-19, 2017**  
**Endo-Nasal Technique and**  
**Ischemic Compression Technique**  
**Instructor: Michael Fiscella, DC, DABCO, FACO**

This weekend Dr. Michael Fiscella once again presents his popular seminar. On Saturday he teaches Endo-Nasal Technique. He begins with the history of Endo-Nasal Technique and then provides a description of the technique. Then Dr. Fiscella provides instruction on Endo-Nasal Specific, Silver Applications, Pharyngeal Sweep, Manipulation of Tonsils, Lymphatic Drainage, and Skull Manipulation. As the seminar continues he presents ENT applications for: rhinitis, sinusitis, pressure headaches, mouth breeders, otitis media with effusions, and Eustachian dysfunctions. In hour 3 he presents a video of treatment of patients and then demonstrates the procedure. He wraps up Saturday with a workshop. On Sunday Dr. Fiscella presents in-depth development of pain in the methodology of ischemic compression as described by Raymond Nimmo, DC, Janet Travel, MD, Renée Cailliet, MD, Ronald Melzack and Patrick Wall. He follows that presentation with evaluation and management of cervical and upper thoracic spinal conditions commonly seen: acute

sprains and strains, chronic degenerative conditions, thoracic outlet syndrome, radiculopathies, disc lesions and cephalgia. This presentation is followed by an interactive hands-on workshop. Dr. Fiscella wraps up this jam-packed weekend with evaluation and management of lower thoracic and lumbar syndromes commonly seen: acute sprains and strains, chronic degenerative conditions, sciatica, radiculopathies and disc lesions. This presentation is also followed by an interactive hands-on workshop. The class is presented by Michael Fiscella, DC, DA BCO, FACO. Dr. Fiscella is a 1977 graduate of Logan College of Chiropractic. He is an expert in Receptor Tonus Technique and in Endo-Nasal Technique. He is a board-certified chiropractic orthopedist and a Fellow of the Academy of Chiropractic Orthopedists. He maintains a busy private practice of chiropractic in St. Louis, Missouri.

**Times:** Saturday 1:00pm - 7:00pm  
 Sunday 8:00am - 2:00pm

**February 25-26, 2017**  
**Basic Acupuncture - Session #6**  
**Instructor: Zev Myerowitz, DC, Dipl.Ac.**  
**(NCCAOM), Lac.**

This weekend Dr. Myerowitz presents the sixth and final session of the 100-hour Acupuncture Certification Course. This session includes a review, a point location skills examination, and a comprehensive final examination. Dr. Myerowitz begins the session with discussion and description of the Ghost Points and covers the Influential Points and the Huazotojiaji Points. During hours 5 through 10 he conducts a review the entire course material in preparation for the certification exam. In Hours 9 through 11 Dr. Myerowitz administers the Clean Needle technique exam and then in hours 12 through 16.75 he administers the point location skills examination and the comprehensive written examination. This course is taught by one of the most knowledgeable and most popular acupuncturists in our profession, so it is with great pride that we welcome him to our campus. Zev J. Myerowitz, D.C., Dipl.Ac. (NCCAOM) is a 1978 graduate of Logan College of Chiropractic. He is a Diplomate of the National Certification Commission for Acupuncture and Oriental Medicine and a Licensed Acupuncturist in the state of Maine. He

has had extensive advanced training in acupuncture, Taoist studies, facial rejuvenation, and gynecology in TCM. He holds postgraduate teaching positions at Parker College of Chiropractic and Cleveland Chiropractic College. He is President of the American Academy of Chiropractic Acupuncture and of the Acupuncture Society of New England. Dr. Myerowitz has received numerous chiropractic and acupuncture awards and is the author of a number of books and articles. Please join us for this opportunity to study with Dr. Myerowitz.

**March 25-26, 2017**  
**Overview of Personal Injury for Doctors of Chiropractic**  
**Instructor: Mark Floyd, JD**

Here is a seminar for **every chiropractor** who treats personal injury patients, or who wants to add this additional stream of revenue to his or her practice. In this outstanding comprehensive seminar attorney Mark Floyd teaches you everything you need to know to run a successful practice for your personal injury patients. If you treat personal injury patients, give depositions, or expect to testify as an expert witness in the future **you will not want to miss this seminar**. Mr. Floyd will provide expert advice on the legal aspects of the chiropractor as expert witness in personal injury cases. This comprehensive overview covers everything from preparing for depositions and courtroom testimony to how to prepare and deliver records – and how to get paid for them. He discusses the laws regarding medical pay, liability liens and other forms of payment. He will teach you how to interact with attorneys – how and how not to handle cases. He will review and discuss examples of typical office notes, exceptional office notes, and poor office notes and much more. Mr. Floyd will provide a video look at the experts who will be testifying on the other side – and he'll show you that you are just as good as – and more likely better than any expert you might have to face. A popular feature of Mr. Floyd's presentation is a mock trial. Here he gets you involved in learning how to present yourself in the best possible light. You will learn the tough questions that attorneys ask – and how you should answer them. You will learn how attorneys approach a typical

personal injury case. This really is a must – attended experience for every doctor of chiropractic who treats personal injury patients. The seminar is taught by Mark Floyd, JD. It's been a while since Mr. Floyd has taught on our campus and we are delighted to have him back for this excellent presentation.

Mr. Mark Floyd is a 1992 graduate of the University of Tulsa Law School. He is a member of the Missouri Bar Association and the Illinois Bar Association. He is admitted to practicing United States Federal Court, Missouri State Court, Missouri Western Court of Appeals, and Missouri Eastern District Court of Appeals. Mr. Floyd has an "A" rating from Martindale-Hubbell and is the youngest personal injury attorney in St. Louis to obtain an "A" rating. He maintains a private law practice in Clayton, Missouri. If you treat personal-injury patients you will learn how to testify in court, give depositions, prepare records, learn about medical pay, liability liens, and how to interact with, and network with personal injury attorneys. This seminar is approved for 12 hours of the Missouri formal hours and 8 hours of Insurance Consultant/Peer Review credits.

**April 8-9, 2017**  
**The Pediatric Seminar: Review of Pediatric History and Physical Examination, Including Child Abuse and Neglect; Maybe That's Just a Sprain...Bad Things with Benign Presentations**  
**Instructor: Randy Ferrance, DC, MD, FHM**

This weekend we welcome Dr. Randy Ferrance to our campus to present a very important seminar on pediatrics, child abuse reporting, and medical conditions and emergencies. Dr. Ferrance is a chiropractor and an MD who is board certified in internal medicine. He is licensed in Virginia to practice both chiropractic and medicine. He believes that communication between DCs and MDs is essential for truly integrated health care. In this 12-hour seminar Dr. Ferrance discusses the major differences and similarities between history-taking in adults and children, so that we can better understand the pathophysiologic basis of worrisome physical exam findings. He discusses yellow flags indicating urgent need for referral, and red flags indicating emergent need for referral. He presents a review of the pediatric examination and the common normal and abnormal findings on the examination. Dr. Ferrance continues with issues in the treatment of the adolescent regarding growth, development, and psychological issues as well as privacy issues and difficult conversations. On Sunday Dr. Ferrance discusses recognition of child abuse and

neglect, and includes information to help us have a better appreciation for when to have an increased index of suspicion in thinking about child abuse and to better understand how referrals can be made to help protect at-risk children. He also covers common injuries of abuse as well as conditions that can mimic abuse. Dr. Ferrance wraps up this important seminar with a discussion of infections, trauma, visceral problems, fractures and overuse syndromes. The class is taught by Randy Ferrance, DC, MD, FHM. Dr. Ferrance is a second generation chiropractor who graduated from Life College in 1987. After several years of private practice in Manassas, Virginia he attended the Medical College of Virginia for his MD degree. He completed a combined residency in Internal Medicine and Pediatrics and since then has worked as both a hospitalist and an emergency department physician at a small rural hospital in Virginia's Northern Neck, and now works primarily with a PACE (Program of All-Inclusive Care for the Elderly) Center in Richmond, Virginia as a hospice medical director. In addition to his chiropractic credentials he is board certified in Internal Medicine, Pediatrics, and Hospice as Palliative Medicine. He continues to practice chiropractic. We hope you can attend this very important seminar. The National Chiropractic Mutual Insurance Company (NCMIC) thinks that it's so important that they offer a 5% discount on your next malpractice premium for attending. Please join us this weekend.

**May 13, 2017**  
**Biomechanics of Golf**  
**Instructor: Michael Murphy, DC**

One of the most popular postgraduate seminars that we offer happens every Spring. What makes this seminar so popular? Well, there are numerous reasons. Here are just a few. The seminar concentrates on biomechanics, involves 18 holes of golf, and is presented by Dr. Michael Murphy. So here we are in May. Spring is here. The sun is shining. Optimism is in the air and Dr. Murphy is excited to present the Biomechanics of Golf Seminar for everyone who has been stuck inside since November. It was definitely a tough winter. C'mon, it's spring and we're playing golf as we learn and earn continuing education credits. Has there ever been an easier choice? The seminar is being held at Far Oaks Golf Club at 419 Old Collinsville Road in Caseyville, Illinois, 62232. The telephone number there is 618-628-2900. When you get to Far Oaks tee it high and let it fly into open fairways on one of the Midwest's best golf courses. The front nine is a Scottish-style links layout with native prairie grasses and wild flowers. Grand oaks line perfect fairways on the backside. Expect smooth rolling large greens when you play Far Oaks. Everyone who has attended Dr. Murphy's Biomechanics of Golf seminars is enthusiastic about the instruction and the instructor. Attendance is always limited and this seminar always sells out quickly so please call as soon as possible to reserve your spot. When you arrive on Saturday May 13<sup>th</sup> Dr. Murphy and a PGA professional will use their expertise to help you and your patients get in shape for golf. The seminar is designed to help prevent injuries from occurring to you or your patients. The program works

on flexibility, strength, and dynamic power. Players and the doctors who treat them have reported improvement in performance while at the same time decreasing their risk of injuries. Topics include a section on biomechanics, a section on treatment and rehabilitation techniques, and a training program. The seminar tuition includes the educational program, lunch, a cart, and eighteen holes of golf. If you have attended Dr. Murphy's Biomechanics of Golf Seminar before, you already know that it's a great way to get postgraduate education, license renewal credits, and have fun at the same time. If this is your first time attending this seminar you're in for a treat. But please remember that attendance is limited so call soon. Dr. Michael Murphy is a 1995 graduate of Logan College of Chiropractic and was a winner of both an Award of Excellence in Chiropractic Science and in Clinical Science from that institution. Dr. Murphy has a very busy practice in Chesterfield, Missouri and serves as the official team chiropractor for the St. Louis Blues Professional Hockey Team and the former St. Louis Rams Professional Football Team. He is a scratch golfer and always finds time for a round or two. Please join him for this seminar. What better way to enjoy a beautiful day in May?

**AT DOOR REGISTRATIONS WILL NOT BE ACCEPTED**

**Times: Saturday 8:00am - 8:00pm**

**Tuition: \$330 Regular Registration**

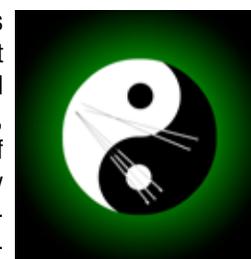

**May**

**May 20-21, 2017**  
**Basic Acupuncture - Session #1**  
**Instructor: Zev Myerowitz, DC, Dipl. Ac. (NCCAOM), Lac.**

The Logan College of Chiropractic School of Postdoctoral and Related Professional Education is thrilled to present Dr. Zev Myerowitz's 100-Hour Acupuncture Certification Course on campus beginning this weekend. This course is designed to teach the students the history, basics, and some advanced principles in preparation to begin their practice of acupuncture. This course is also designed to prepare the attendee to successfully take and pass any required examinations for licensure. The course consists of six intensive 16.75 hour sessions. These sessions will include the history, philosophy, theories, practical workshops, quizzes, and a final examination all directed at achieving clinical and academic proficiency in the practice of acupuncture. **Please note that there is a one-time fee of \$35 for the required class manual which will be provided on a flash drive and may be purchased at the seminar.** Needles and sharps containers are available for purchase at the seminars. In this session Dr. Zev presents an introduction to acupuncture, explains the workbook, the supplies for the workshop sessions and the components of Traditional Chinese Medicine. Also included are: an overview of the 14 main meridians, chi flow, energy clock and yin/yang; origin of acupuncture, body measurement, levels of treatment, and a

detailed explanation of the twelve kinds of acupuncture points and their exact functions; superficial cycle of chi flow and deep cycle of chi flow; the vital substances, identification of patterns, a detailed study of Lung Meridian Patterns and a detailed study of Large Intestine Meridian as well as an introduction to tongue diagnosis, pulse diagnosis, cupping and moxa. The course is taught by one of the best known and most popular acupuncturist in our profession. Zev J. Myerowitz, D.C., Dipl. AC (NCCAOM), Lac. is a 1978 graduate of Logan College of Chiropractic. He is a Diplomate of the National Certification Commission for Acupuncture and Oriental Medicine and a Licensed Acupuncturist in the state of Maine. He has had extensive advanced training in Acupuncture, Taoist Studies, Facial rejuvenation, and Gynecology in TCM. He holds postgraduate teaching positions at Parker College of Chiropractic and Cleveland Chiropractic College. He is president of the American Academy of Chiropractic Acupuncture and of the Acupuncture Society of New England. Dr. Myerowitz has received numerous chiropractic and acupuncture awards, and is the author of a number of books and articles. Please join us for this rare opportunity to study with Dr. Myerowitz.

**June 24-25, 2017**  
**Integrating Nutritional Counseling into a Chiropractic Practice**  
**Instructor: Katie Drake Sherer, DC**

We have a real treat in store for you this weekend. Dr. Katie Drake Sherer presents a comprehensive seminar on Integrating Nutritional Counseling into a Chiropractic Practice. Dr. Katie presents this excellent information with great enthusiasm. She starts off on Saturday with the Importance of Nutrition in the Chiropractic Office explaining that proper nutrition promotes better results with adjusting. Adding nutrition to your practice also helps you attract new patients and grow your practice. She continues with Micronutrient Breakdown where she discusses counting and understanding micronutrients; calories in versus calories out; and metabolic damage caused by crash diets. In hours 3-6 Dr. Sherer discusses Blood Sugar Regulation which includes: how macronutrients affect blood sugar, eating to balance the body, the effects of stress and disease on blood sugar, Type I versus Type II Diabetes, and nutritional counseling for diabetic patients. On Sunday Dr. Katie is back with Fad Diets – Understanding What Your Patients May Have Already Tried.

This includes: Atkins/South Beach, Weight Watchers, HCG/Shape Reclaimed, Dr. Fuhrman Diet, Dolce Diet (Plant-based), and Ideal Protein/Medifast. She continues with Understanding the Clean Eating Lifestyle which describes and discusses food choices, defines clean eating, and discusses organization and food preparation. She concludes this excellent information-packed presentation with Counseling: Developing a Protocol. She covers patient health history including medications and allergies; and she discusses patient compliance: food logging/food diary, new patient consultation, food lists, existing patient appointment, and a maintenance program. This really is a comprehensive presentation of information that you can put to use Monday morning to move your practice to a higher level of patient care, compliance, and referral. Katie Drake Sherer, DC, MS, is a 2011 graduate of Logan College of Chiropractic. She holds a Master's Degree in Sports and Rehabilitation and a Master of Nutrition and Human Performance. Dr. Sherer is in private practice in Jerseyville, Illinois. Please join her this weekend for an excellent and practical seminar.
