# Common Extremity Injuries and Conditions in Young Athletes

Taught by Anthony Miller, DC

Dr. Anthony Miller is an absolute expert on athletic injuries and the treatment of young athletes. In his private practice he receives many referrals from orthopedists and orthopedic surgeons, and very often co-treats serious cases with these medical specialists. The Logan Postgraduate Department is proud to present Dr. Miller's seminar in Paducah. This comprehensive learning experience includes the epidemiology and risk factors unique to skeletally immature athletes, and the Doctor of Chiropractic's role in care and management of these young athletes. Dr. Miller discusses the classification of injuries: Fracture/Sprain and discusses co-management of this special population group with medical specialists. He then spends time going into detail on hand and wrist injuries, elbow injuries, and injuries to the foot and ankle. This is a truly comprehensive presentation with information you can use Monday morning. Anthony Miller, DC is a December 1999 graduate of Logan College of Chiropractic. He has made multiple media appearances as a chiropractic expert, and has authored journal articles on sports chiropractic. Dr. Miller is the team chiropractic physician for a number of Universities in the St. Louis area and is the team Chiropractor for the St. Louis SLAM Women's Professional Football Team. Dr. Miller is an Associate Professor at Logan University in the Chiropractic Science Department and he maintains a very busy and very successful chiropractic practice at Esquire Sports Medicine and Rehabilitation in St. Louis, Missouri. Please join Dr. Miller this weekend at the Drury Inn in Paducah. You'll be glad you did!

*\*(Tuition must be received by October 4, 2019  
to qualify for discount)*

### Cancellation Fee:

Your registration may be freely transferred to another person or to a future symposium without any cancellation fee; however, the registration fee will be forfeited if not used or refunded within one year of the original program. If a refund is requested, the cancellation fee is \$25 per registrant per symposium cancelled (allow 2-3 weeks after symposium for refunds). It is suggested that registrants pre-register and confirm the status of the seminar. Logan College reserves the right to cancel or adjust program dates, times, speakers, or locations if the need arises. Logan College will not be responsible for registrants' expenses should any program changes occur. All classes announced will be held unless 24 hours prior registration indicates insufficient numbers to hold a symposium in which case those registered will be notified by phone or fax.
