Chiropractic Pediatrics – Session #1

Instructor: Suzanne Seekins, DC, DICS

Logan College of Chiropractic's Department of Postgraduate Education is proud to present The Pediatric Certificate Course with Dr. Suzanne Seekins. This is a three-session 36-hour course. Completing all three sessions results in a Certificate of Completion. However, each 12-hour session can be taken as a stand-alone seminar; and each session contains valuable practical information that can be utilized in your practice right away. In this session Dr. Seekins begins with Pre-Conception Issues, then continues in hours three and four with Trimester One in which she discusses various ailments of the first trimester of gestation. In hour five she conducts a hands-on workshop of the treatments and material previously covered. In hours six and seven Dr. Seekins discusses Trimester Two and highlights treatment options for the various ailments and complaints of the second trimester of gestation. In hour eight she provides a hands-on workshop for the treatment options of the trimester two ailments. In hours nine and ten Dr. Seekins presents Trimester Three in which she discusses treatment options for the various ailments and complaints of the third trimester of gestation. In hour eleven she provides a hands-on workshop for treatment options of the trimester three ailments. Dr. Seekins wraps up this first session discussing Post-Partum Concerns. Dr. Seekins states that "All material will be discussed with attention and emphasis on holistic and chiropractic approaches for treatment." This course is taught by Suzanne Seekins, D.C., D.I.C.S. Dr. Seekins is a 1990 graduate of Logan College of Chiropractic. She is Certified Advanced Proficiency SOT by the Sacral Occipital Research Society International, Certified Craniopath by the International Craniopathic Society, and she is a Diplomate of the International Craniopathic Society. Dr. Seekins was the International Chiropractor of the Year Award winner by SORSI in 2011. She has presented a large number of lectures and seminars on chiropractic pediatric practice around the country and we are happy to have her on campus this weekend. We hope that you will join Dr. Seekins for Sessions #2 and #3 and earn your certificate in Chiropractic Pediatrics.

Chiropractic Pediatrics – Session # 3
Instructor: Suzanne Seekins, DC, DICS

This weekend Dr. Suzanne Seekins concludes her three-session Pediatric Certificate Course with Session # 3. In this session Dr. Seekins begins with Common Infant Neonatal Signs and Symptoms. This discussion includes an introduction KISS Syndrome (Kinematic Imbalance due to Sub-occipital Strain) and upper cervical issues. The presentation includes spinal examination and correction of the occiput, cervical, thoracic and lumbar, and sacral spine. Following this presentation Dr. Seekins provides ample time to workshop the treatments and material covered. In Hours 5 and 6 Dr. Seekins describes and discusses Latching and Sucking Disorders. This discussion includes anatomy, diagnosis, and correction. Corrective techniques with a hands-on workshop will be covered as well. In Hours 6 and 7 she presents Gastrointestinal Problems and includes anatomy, diagnosis, and correction. In this section she provides a review of anatomy and physiology of the gut with diagnosis and treatment for conditions such as GERD, or GER, colic and more. An 8-step organ protocol will be taught as well as correction of associated spinal levels and cranial issues that may be involved with GI problems. A workshop on protocol for GI issues will also be provided. In Hours 8 and 9 Dr. Seekins discusses Otitis Media, and in Hours 10 and 11 Asthma and Enuresis. Each of these conditions include anatomy, diagnosis and correction, as well as hands-on workshops. Dr. Seekins wraps up this seminar with a review and questions – and, if time permits, she will discuss strabismus issues. If you have completed Sessions # 1 and # 2 along with this session you will earn a Certificate in Chiropractic Pediatrics. Even if you are not in the certificate program this seminar is an excellent stand-alone presentation jam-packed with information to help you diagnose and treat your pediatric patients.
