January 11-12, 2020
Patient Communication and the Practice of Chiropractic
Instructor: Thomas Ventimiglia, DC, FACC

This weekend we are proud to have Dr. Tom Ventimiglia on our campus. Dr. Ventimiglia is an expert on patient communication, and we are excited to have him share his expertise with us. Dr. Ventimiglia’s seminar title pretty much says it all: Patient Communication and the Practice of Chiropractic – “Dear Doctor, Your Words Are Powerful” – Ethical Considerations during the Doctor-Patient Encounter. In this comprehensive presentation of patient communication, Dr. Ventimiglia will discuss our legacy, our purpose, and our moral imperative. He talks about patient communication and therapeutic communication as a new tool for the doctor’s bag. He discusses helping patients make health behavior choices and describes motivational interviewing, the importance of guiding the patient toward making healthy choices, and integrating a wellness conversation within the patient encounter. He goes into detail on wellness and wellbeing, promoting a lifestyle and changing behavior. Dr. Ventimiglia wraps up this fascinating presentation with a discussion of longevity. Thomas R. Ventimiglia D.C., FACC is a 1980 graduate of New York Chiropractic College. He maintains a private practice in Queens, New York. He has served as the Dean of the New York Chiropractic College Department of Postgraduate and Continuing Education, and has been an Adjunct Faculty/Clinician at New York Chiropractic College’s Levittown Outpatient Health Facility. He is a great speaker with important information to share. I hope you will join him this weekend on our campus.

Times: Saturday 1:00pm - 7:00pm

January 11-12, 2020
Advanced Acupuncture - Session # 1
Instructor: Lisa Holt, DACM, L.Ac. (NCCAOM), RN, CPC, CRF, FASA

This weekend we present the second 100 hours of our 300-Hour Acupuncture Course. The course is taught by Dr. Zev Myerowitz and Dr. Lisa Holt. The Advanced classes delve deeper into all aspects of acupuncture and can lead to Diplomate status with the American Academy of Chiropractic Acupuncture and eligibility to sit for the Diplomate examination of the American Board of Chiropractic Acupuncture. Dr. Myerowitz wants you to remember that the manual will be provided via flash drive, so please bring your laptops. The cost for the manual is $10. Attendees must be certified in acupuncture in order to attend the advanced program. In this session Dr. Holt conducts a brief review of the Basic 100-Hour Program and then covers an introduction to Chinese Herbs and Foods, and presents TCM Herbal Prescriptions (Pin Yin Formulary). She also presents TCM Diagnosis and Chinese Herbs. Dr. Holt wraps it all up with Specific Herbal Testing and Protocols. If you are already certified in acupuncture you won’t want to miss this opportunity to become an expert, maybe even a Diplomate in this powerful healing art. Session #1 is taught by Lisa Holt, DACM, L.Ac NCCAOM Board Certified, Integrative Functional and Bioregulatory Medicine Specialist, Licensed Acupuncture Physician, Medical Educator Deseret Biologics. Dr. Holt is a 2017 graduate of Pacific College of Oriental Medicine in San Diego, California. She is also a registered nurse (RN) and holds a large number of certifications in various healing methods. She maintains a private practice at LifePoint Acupuncture and Oriental Medicine Clinic in Chattanooga, TN. Dr. Holt has earned privileges at prestigious Erlanger Hospital in Chattanooga, Tennessee as a licensed Acupuncture Physician and works alongside other healthcare practitioners to provide functional and integrative patient centered care. We are proud to have Dr. Holt join Dr. Zev to make our excellent 300-Hour acupuncture certification course even better. Please join her this weekend for Session #1 of this in-depth course in Advanced Acupuncture.

Times: Saturday 8:00am - 7:00pm
Sunday 7:00am - 12:45pm
Tuition: $350 Regular Registration
$315 Early Bird Tuition*

*Registration must be received by January 6, 2020 to qualify for EB discount.
The Logan College of Chiropractic School of Postdoctoral and Related Professional Education is proud to present Dr. Zev Myerowitz’s 100-Hour Acupuncture Certification Course on campus beginning this weekend. This course is designed to teach the students the history, basics, and some advanced principles in preparation to begin their practice of acupuncture. This course is also designed to prepare the attendee to successfully take and pass any required examinations for licensure. The course consists of six intensive 16.75 hour sessions. These sessions will include the history, philosophy, theories, practical workshops, quizzes, and a final examination all directed at achieving clinical and academic proficiency in the practice of acupuncture. Please note that there is a one-time fee of $35 for the required class manual which will be provided on a flash drive and may be purchased at the seminar. Needles and sharps containers are available for purchase at the seminars. In this session Dr. Zev presents an introduction to acupuncture, explains the workbook, the supplies for the workshop sessions and the components of Traditional Chinese Medicine. Also included are: an overview of the 14 main meridians, chi flow and yin/yang; origin of acupuncture, body measurement, levels of treatment, and a detailed explanation of the twelve kinds of acupuncture points and their exact functions; superficial cycle of chi flow and deep cycle of chi flow; the vital substances, identification of patterns, a detailed study of Lung Meridian Patterns and a detailed study of Large Intestine Meridian as well as an introduction to tongue diagnosis, pulse diagnosis, cupping and moxa. The course is taught by one of the best known and most popular acupuncturists in our profession. Zev J. Myerowitz, D.C., Dipl. AC (NCCAOM), Lac. is a 1978 graduate of Logan College of Chiropractic. He is a Diplomate of the National Certification Commission for Acupuncture and Oriental Medicine and a Licensed Acupuncturist in the state of Maine. He has had extensive advanced training in acupuncture, Taoist studies, facial rejuvenation and gynecology in TCM. He holds postgraduate teaching positions at Parker College of Chiropractic and Cleveland Chiropractic College. He is Past President of the American Academy of Chiropractic Acupuncture and of the Acupuncture Society of New England. Dr. Myerowitz has received numerous chiropractic and acupuncture awards, and is the author of a number of books and articles. Please join us for this rare opportunity to study with Dr. Myerowitz.

We are very excited to have Dr. Linda Smith on campus this weekend to present a truly comprehensive course on the management of low back pain. Dr. Smith has been in private practice for 36 years. She has developed protocols for the management of severe, acute low back pain as well as chronic recurrent lower back pain that include spinal adjustments, soft tissue manipulation, and physical agents. In addition, she will guide you to utilize exercise prescriptions for the correction of muscular imbalances and postural faults. Dr. Smith’s class begins with careful assessment of the patient in the development of a treatment plan. How to assess progress and when to discharge the patient will be discussed. Linda Wheatland Smith, D.C. is a 1982 graduate of Logan College of Chiropractic. She has co-authored a number of papers in the Journal of Chiropractic Medicine and is a research associate at Washington University School of Physical Therapy. Dr. Smith has been honored for her work with Community Health in Partnerships (CHIPS) and with the Arthritis Foundation. She is credentialed in pain management by the American Association of Pain Management and has had a very successful practice of chiropractic in Clayton, Missouri. Please join her for this excellent presentation on management of low back pain.

February 8-9, 2020
Certified Insurance Consultant – Session #1
Instructor: Mario Fucinari, DC, CCSP®, APMP, CPCO, MCS-P

We are happy to welcome back Dr. Mario Fucinari to our campus. Dr. Fucinari is a seasoned practitioner and nationally recognized speaker, author, and instructor. He has decades of experience in compliance, coding, and documentation. Dr. Fucinari is a past instructor for Insurance Consulting, Medical Compliance, and is a Certified Compliance Officer through the AAPC. This is your opportunity to advance your career with the Certified Insurance Consultant credential. Whether it’s working for healthcare practices, insurance organizations or just for your individual practice as a Certified Insurance Consultant you will be able to use your proven knowledge of coding and documentation guidelines to improve all healthcare practices. This class is perfect for the doctor, staff, billers and students. The course is a 100-hour, 8-session program. In Session # 1 Dr. Fucinari presents The Revenue Cycle of the Chiropractic Office. In this session he describes the role of the insurance consultant in the office revenue cycle, crucial front desk procedures for patient intake, steps involved in coding claims submissions and follow up, identifying the necessary resources for medical necessity guidelines for various forms of insurance, and assessing the accuracy of intake forms, documentation and coding. There is a lot of information here designed to help you understand and navigate the world of compliance. Whether you take one session or all eight, you will find the material useful for any type of practice. The class is open to doctors, staff, billers, and students. Mario Fucinari, DC, CCSP, APMP, CPCO, MCS-P is a 1986 graduate of Palmer College of Chiropractic and an internationally known expert in compliance. Please join him this weekend for Session # 1. This information could take your practice to the next level!

The 100-Hour Acupuncture Certification Course continues this weekend with Session # 2. In this 16.75 hour seminar Dr. Lisa Holt presents an introduction to press needles, tacks, magnets and pellets. She presents an introduction to acupuncture for pain control, discusses acupuncture for sports injuries and acupuncture for musculoskeletal conditions. She introduces the five phase theory and provides an introduction to electronic graphing. Also this weekend she provides a detailed study of Stomach Meridian Patterns, Diet, Emotions, Climate, Qi Deficiency, Cold, Yin Deficiency, Fire, etc. She continues with a detailed study of the Spleen Meridian patterns and needling of each point. This session concludes with a presentation on Clean Needle Technique. The session is taught by Dr. Lisa Holt. Dr. Holt is a 2017 graduate of Pacific College of Oriental Medicine in San Diego, California. She is also a registered nurse (RN) and holds a large number of certifications in various healing methods. She maintains a private practice at LifePoint Acupuncture and Oriental Medicine Clinic in Chattanooga, Tennessee as a licensed Acupuncture Physician and works alongside other healthcare practitioners to provide functional and integrative patient centered care. We are proud to have Dr. Holt join Dr. Zev to make our excellent 300-Hour acupuncture certification course even better. Please join her this weekend for Session # 2 of this in-depth course in Basic Acupuncture.

February 22-23, 2020

Basic Acupuncture – Session #2
Instructor: Lisa Holt DACM, L.Ac. (NCCAOM), RN, CPC, CRF, FASA

This weekend we welcome Dr. Brian Jensen to the campus of Logan University to present The Changing Brain – Applying the Principles of Neuroplasticity to Pain, Posture, Stress and Low-Tech Rehabilitation. Dr. Jensen says, “With a greater understanding of how the nervous system works and responds to our environment, we can now improve patient outcomes by making predictable changes to pain, postural integrity, balance, and functional movement. In this jam-packed presentation Dr. Jensen describes neuroplasticity and the application of its principles in chiropractic, discusses the adaptive nervous system including the physiology of stress, and brain waves and the stress response. He discusses neurobiomechanical efficiency, gait and foot assessment, posture evaluation, functional movement assessment, and movement disorders and soft tissue treatment. He tells us how to create lasting changes with measurable outcomes using low-tech rehab. Brian Jensen, DC is a 1987 graduate of Palmer College of Chiropractic and is a sought after speaker for seminars and conventions. Please join him this weekend for information you can use Monday morning.

February 29-March 1, 2020

Research Evidence to Support Spine Care
Instructor: Bart Green, DC, MSEd, PhD

This weekend we are proud to welcome Dr. Bart Green to our campus. Dr. Green presents Research Evidence to Support Spine Care. Dr. Green says, “Patients, payers, and colleagues in all healthcare disciplines expect evidence-based care. Unlike eminence-based care, where the source of all knowledge is the doctor, evidence-based care blends the science that supports clinical decision making, the art of practice, and the values of patients.” In this seminar, Dr. Green explains evidence-based practice, how evidence is created, the steps of evidence-based practice, and levels of evidence. He explains how to create answerable clinical questions. He describes how to critique evidence. He continues with Global Spine Care Initiative and risk factors for spinal disorders and prevention. Dr. Green wraps up his presentation with research updates. Bart N. Green, DC, PhD, DACBSP®, is a 1992 graduate of Los Angeles College of Chiropractic in Whittier, California. He is a staff chiropractic physician for Stanford Health Care, an interdisciplinary corporate health center providing care to employees of this global high-tech company. He served as a staff chiropractic physician at United States Naval Medical Center in Whittier, California. He is a registered nurse (RN) and holds a large number of certifications in various healing methods. He maintains a private practice at LifePoint Acupuncture and Oriental Medicine Clinic in Chattanooga, TN. Dr. Holt has earned privileges at prestigious Erlanger Hospital in Chattanooga, Tennessee as a licensed Acupuncture Physician and works alongside other healthcare practitioners to provide functional and integrative patient centered care. We are proud to have Dr. Holt join Dr. Zev to make our excellent 300-Hour acupuncture certification course even better. Please join her this weekend for Session # 2 of this in-depth course in Basic Acupuncture.

March 14-15, 2020
Certified Insurance Consultant – Session #2
Instructor: Mario Fucinari, DC, CCSP®, APMP, CPCO, MCS-P

In Session # 2 of the Insurance Consultant Certification Course, Dr. Mario Fucinari covers Medical Compliance Training. In this session, you will learn about the Patient Protection and Affordable Care Act, OIG Federal Sentencing Guidelines, the Ethics and Compliance Program, Fraud and Abuse, and OIG Compliance Program for Individual and Small Group Physician Practices. And that’s just the first hour! Each hour is packed with this sort of information. Topics covered are Compliance Plans, OIG Compliance information, OIG Reports on Chiropractic, Abuse, and OIG Compliance Program for Individual and Small Group Physician Practices. Each hour is packed with this sort of information. Topics covered are Compliance Plans, OIG Compliance information, OIG Reports on Chiropractic, Medicare, DOT, etc. As with all of the sessions in this certification course, this presentation may be used as a stand-alone seminar or the second step in certification. The class is open to doctors, staff, billers, and students. Mario Fucinari, DC, CCSP APMP. CPCO, MCS-P is a 1986 graduate of Palmer College of Chiropractic and an internationally known expert in compliance. Please join him this weekend for Session # 2.

March 14-15, 2020
Advanced Acupuncture – Session #3
Instructor: Lisa Holt DACM, L.Ac. (NCCAOM), RN, CPC, CRF, FASA

This weekend Dr. Lisa Holt presents Session # 3 of the Advanced Acupuncture Program. In this session Dr. Holt covers specific diseases and treatment, the 100 commonly used specific herbal formulas and testing protocols, EAV, TCM treatment of female disorders, and TCM treatment of male disorders. The Advanced classes delve deeper into all aspects of acupuncture and can lead to Diplomate status with the American Academy of Chiropractic Acupuncture and eligibility to sit for the Diplomate examination of the American Board of Chiropractic Acupuncture. If you are already certified in acupuncture you won’t want to miss this opportunity to become an expert, maybe even a Diplomate in this powerful healing art.

March 21-22, 2020
Practical Assessment in Spine Care
Instructor: K. Jeffrey Miller, DC, FACO, MBA

We are happy to welcome Dr. Jeff Miller back on campus. Dr. Miller is a renowned lecturer and author, and this weekend he presents Practical Assessment in Spine Care. Dr. Miller covers a lot of territory in this comprehensive presentation. He begins with Situational Examination in Spine Diagnosis including new and established patient examinations, screening exams and posture analysis, chiropractic vital signs, pre-participation exams for sports and more. He covers Spine History and its Documentation including: history and examinations based on government standards, Medicare, DOT, etc. In hour 4 Dr. Miller discusses Examination of Vital Signs and Observable Findings: including height, weight, pain, handedness, temperature, and observable objective findings. In hour 5 he goes through a thorough examination of the cervical region technique and interpretation. In hour 6 he explains examination of muscle stretch and pathological reflexes. In hour 7 he presents additional neurological procedures including primary modalities and cortical modalities. In hour 8 he covers Orthopedic and Neurological examination of the Spine. In hour 9 he covers Examination of the Lumbar and Pelvic Regions. In hours 10 and 11 he discusses Differential Diagnosis of Extremity Conditions Related to the Spine and Localized Extremity Conditions, both upper and lower extremity. Dr. Miller wraps up this very comprehensive seminar with a workshop that includes instruction and practice of the Practical Assessment Spinal Examination.

In Session 3 of the 100-hour, 8-session Insurance Consultant Certification Course Dr. Mario Fucinari presents HIPAA and Medicare Guidelines. In this session, the class will explore the HIPAA rules and regulations and how it affects your office. All organizations are required to comply with the HIPAA privacy regulations and those who store or transmit protected health information electronically are required to comply with HIPAA Security regulations. As the class continues, Dr. Fucinari discusses Medicare rules, regulations, and requirements. He states that, “These significant changes will impact the chiropractic office and the way you practice!” As with all of the sessions in this certification course, this presentation may be used as a stand-alone seminar or the next step in certification. The class is open to doctors, staff, billers, and students. Mario Fucinari, DC, CCSP, APMP, CPCO, MCS-P is a 1986 graduate of Palmer College of Chiropractic and an internationally known expert in compliance. Please join him this weekend for Session #3.

#1 with two hours of corrections of the cranial strain patterns with a workshop. This course is taught by Suzanne Seekins, D.C., D.I.C.S. Dr. Seekins is a 1990 graduate of Logan College of Chiropractic. She is Certified Advanced Proficiency SOT by the Sacral Occipital Research Society International, Certified Craniotherapist by the International Craniotherapeutical Society, and she is a Diplomate of the International Craniotherapeutical Society. Dr. Seekins was the International Chiropractor of the Year Award winner by SORSI in 2011. She has presented a large number of lectures and seminars on chiropractic pediatric practice around the country and we are happy to have her on campus this weekend. We hope that you will join Dr. Seekins for Session #2 and earn your certificate in Chiropractic Pediatrics.

We look forward to seeing you at the

Biomechanics of Golf
Instructor: Michael Murphy, DC

One of the most popular postgraduate seminars that we offer happens every Spring. What makes this seminar so popular? Well, there are numerous reasons. Here are just a few. The seminar concentrates on biomechanics, involves 18 holes of golf and is presented by Dr. Michael Murphy. So here we are in May. Spring is here. The sun is shining. Optimism is in the air and Dr. Murphy is excited to present the Biomechanics of Golf Seminar for everyone who has been stuck inside since November. It was definitely a tough winter. C’mon, it’s spring and we’re playing golf as we learn and earn continuing education credits. Has there ever been an easier choice? The seminar is being held at Far Oaks Golf Club at 419 Old Collinsville Road in Caseville, Illinois, 62232. The telephone number there is 618-629-2360. When you get to Far Oaks tee it high and let it fly into open fairways on one of the Midwest’s best golf courses. The front nine is a Scottish-style links layout with native prairie grasses and wild flowers. Grand oaks line perfect fairways on the backside. Expect smooth rolling large greens when you play Far Oaks. Everyone who has attended Dr. Murphy’s Biomechanics of Golf seminars is enthusiastic about the instruction and the instructor. Attendance is always limited and this seminar always sells out quickly so please call as soon as possible to reserve your spot. When you arrive on Saturday May 16th Dr. Murphy and a PGA professional will use their expertise to help you and your patients get in shape for golf. The seminar is designed to help prevent injuries from occurring to you or your patients. The program works on flexibility, strength and dynamic power. Players and the doctors who treat them have reported improvement in performance while at the same time decreasing their risk of injuries. Topics include a section on biomechanics, a section on treatment and rehabilitation techniques and a training program. The seminar tuition includes the educational program, lunch, a cart and eighteen holes of golf. If you have attended Dr. Murphy’s Biomechanics of Golf Seminar before, you already know that it’s a great way to get postgraduate education, license renewal credits, and have fun at the same time. If this is your first time attending this seminar you’re in for a treat. But please remember that attendance is limited so call soon. Dr. Michael Murphy is a 1995 graduate of Logan College of Chiropractic and was a winner of both an Award of Excellence in Chiropractic Science and in Clinical Science from that institution. Dr. Murphy has a very busy practice in Chesterfield, Missouri and serves as the official team chiropractor for the Stanley Cup Champions St. Louis Blues Professional Hockey Team, the St. Louis Cardinals Professional Baseball Team and the former St. Louis Rams Professional Football Team. He is a scratch golfer and always finds time for a round or two. Please join him for this seminar. What better way to enjoy a beautiful day in May?

May 23-24, 2020 - Have a Healthy and Safe Memorial Day Weekend!

Rescheduled Sessions 1 & 2 - Please call Logan Postgraduate Department for new dates.

May 30-31, 2020
Chiropractic Pediatrics – Session #2
Instructor: Suzanne Seekins, DC, DICS

This weekend Dr. Suzanne Seekins concludes her two-session Pediatric Certificate Course with Session #2. In this session Dr. Seekins begins with Common Infant Neonatal Signs and Symptoms. This discussion includes an introduction to KISS Syndrome (Kinematic Imbalance due to Sub-occipital Strain) and upper cervical issues. The presentation includes spinal examination and correction of the occiput, cervical, thoracic and lumbar, and sacral spine. Following this presentation Dr. Seekins provides ample time to workshop the treatments and material covered. In Hours 5 and 6 Dr. Seekins describes and discusses Latching and Sucking Disorders. This discussion includes anatomy, diagnosis, and correction. Corrective techniques with a hands-on workshop will be covered as well. In Hours 6 and 7 she presents Gastrointestinal Problems and includes anatomy, diagnosis, and correction. In this section she provides a review of anatomy and physiology of the gut with diagnosis and treatment for conditions such as GERD, or GER, colic and more. An 8-step organ protocol will be taught as well as correction of associated spinal levels and cranial issues that may be involved with GI problems. A workshop on protocol for GI issues will also be provided. In Hours 8 and 9 Dr. Seekins discusses Otitis Media, and in Hours 10 and 11 Asthma and Enuresis. Each of these conditions include anatomy, diagnosis and correction, as well as hands-on workshops. Dr. Seekins wraps up this seminar with a review and questions – and, if time permits, she will discuss strabismus issues. If you have completed Sessions #1 along with this session you will earn a Certificate in Chiropractic Pediatrics. Even if you are not in the certificate program this seminar is an excellent stand-alone presentation jam-packed with information to help you diagnose and treat your pediatric patients. This course is taught by Suzanne Seekins, D.C., D.I.C.S. Dr. Seekins is a 1990 graduate of Logan College of Chiropractic. She is Certified Advanced Proficiency SOT by the Sacral Occipital Research Society International, Certified Craniotherapist by the International Craniotherapeutic Society, and she is a Diplomate of the International Craniotherapist Society. Dr. Seekins was the International Chiropractor of the Year Award winner by SORSI in 2011. She has presented a large number of lectures and seminars on chiropractic pediatric practice around the country and we are happy to have her on campus this weekend for session #2 of this highly successful program.

June 6-7, 2020
Advanced Acupuncture – Session # 5
Instructor: Lisa Holt DACM, L.Ac. (NCCAOM), RN, CPC, CRF, FASA

In Session #5 of the Advanced Acupuncture Program Dr. Lisa Holt discusses Taoist diagnosis and treatment of knotty diseases and internal conditions. She then discusses TCM and Taoist diagnosis and treatment of female gynecological disorders including infertility and menopause. She continues with Taoist diagnosis of cancer, AIDS, and hepatitis. She wraps up this information-packed session with an introduction to Master Tung Acupuncture. The Advanced classes delve deeper into all aspects of acupuncture and can lead to Diplomate status with the American Academy of Chiropractic Acupuncture and eligibility to sit for the Diplomate examination of the American Board of Chiropractic Acupuncture. If you are already certified in acupuncture you won’t want to miss this opportunity to become an expert, maybe even a Diplomate in this powerful healing art. The session is taught by Dr. Lisa Holt. Dr. Holt is a 2017 graduate of Pacific College of Oriental Medicine in San Diego, California. She is also a registered nurse (RN) and holds a large number of certifications in various healing methods. She maintains a private practice at LifePoint Acupuncture and Oriental Medicine Clinic in Chattanooga, TN. Dr. Holt has earned privileges at prestigious Erlanger Hospital in Chattanooga, Tennessee as a licensed Acupuncture Physician and works alongside other healthcare practitioners to provide functional and integrative patient centered care. We are proud to have Dr. Holt join Dr. Zev to make our excellent 300-Hour acupuncture certification course even better. Please join Dr. Lisa Holt this weekend for Session #5 of the Advanced Acupuncture Program.

**Cancellation Fee:** Your registration may be freely transferred to another person or to a future seminar without any cancellation fee; however, the registration fee will be forfeited if not used or refunded within one year of the original program. If a refund is requested, the cancellation fee is $25 per registrant per seminar canceled (allow 2-3 weeks after seminar for refunds). It is suggested that registrants pre-register and confirm the status of the seminar. Logan College reserves the right to cancel or adjust program dates, times, speakers, or locations if the need arises. Logan College will not be responsible for registrants' expenses should any program changes occur. All classes announced will be held unless 24 hours prior registration indicates insufficient numbers to hold a seminar in which case those registered will be notified by phone or fax.
