

Disability Notification and Accommodation Request Form

The purpose of this form is to assist the University in determining whether, or to what extent a reasonable disability accommodation is required. The Americans with Disabilities Act (ADA) has a three-part definition of disability. Under ADA, an individual with a disability is a person who: (1) has a physical or mental impairment that substantially limits one or more major life activities; OR (2) has a record of such impairment; OR (3) is regarded as having such impairment. Our intent is to be compliant with the law and we make every effort to respond to requests in a timely fashion.

Questions related to the completion of this form or requests for assistance should be addressed to the Associate Dean of Students for Care, Access, & Community Standards in Office Suite 137, office 143 or call the number (636) 230-1817.

The Health Care Provider Assessment portion of this form is to be completed by a medical professional with primary oversight of the qualifying diagnosis or another qualified health care provider. To ensure timely and effective provision of services, accommodations should be requested at least one month in advance. However, requests may be made at any time, and efforts will be made to accommodate eligible requests as soon as possible.

This form is for voluntary disclosure of a disability only. You are not required to complete it unless you are requesting accommodations for a disability.

Accommodations are granted on a case-by case basis. Relevant and current documentation is needed to verify the existence of a disability and to determine the appropriate accommodations based on the functional impact of the disability related to academic courses, testing methods, program requirements, etc. The student will have an interview appointment with the Associate Dean of Students for Care, Access, & Community Standards as part of the process.

Document Guidelines are as follows:

- Must be provided by a qualified examiner
- Must be current
 - Can provide verification of past accommodations in an educational setting.
 - For your information: When applying for Professional Examinations including National Board examinations, their requirements may be different to receive accommodations and will need to be researched by the student applying for those specific examinations.
- Must be comprehensive
 - Student provides verification of a recent diagnosis of disability, medical or a psychiatric disorder by a licensed health care provider as evidence of a functional limitation and need for accommodations in an educational setting.
 - Evaluation and diagnosis should also be accompanied by specific recommendations for accommodations in the educational setting.

- Any accommodations that are recommended must be justifiable and a rationale provided for each accommodation.
- When the student provides the documentation from a doctor or other qualified health care professional, *all documents must include:*
 - Provider’s name, Title, Credentials, and area of specialization
 - Date and signature of provider
 - Letter and/or reports should be on provider’s letterhead
 - Diagnosis within the letter or reports provided
 - Any recommendations or restrictions listed in the letter or reports provided

*All documentation can be returned to:
