Disability Notification and Accommodation Request Form

The purpose of this form is to assist the University in determining whether, or to what extent a reasonable disability accommodation is required. The Americans with Disabilities Act (ADA) has a three-part definition of disability. Under ADA, an individual with a disability is a person who: (1) has a physical or mental impairment that substantially limits one or more major life activities; OR (2) has a record of such impairment; OR (3) is regarded as having such impairment. Our intent is to be compliant with the law and we make every effort to respond to requests in a timely fashion.

Questions related to the completion of this form or requests for assistance should be addressed to the Associate Dean of Students for Care, Access, & Community Standards by emailing Accessibility@logan.edu, or call the number (636) 230-1817.

The Health Care Provider Assessment portion of this form is to be completed by a medical professional with primary oversight of the qualifying diagnosis or another qualified health care provider. To ensure timely and effective provision of services, accommodations should be requested at least one month in advance. However, requests may be made at any time, and efforts will be made to accommodate eligible requests as soon as possible.

**This form is for voluntary disclosure of a disability only.** You are not required to complete it unless you are requesting accommodations for a disability.

Accommodations are granted on a case-by-case basis. Relevant and current documentation is needed to verify the existence of a disability and to determine the appropriate accommodations based on the functional impact of the disability related to academic courses, testing methods, program requirements, etc. The student will have an interview appointment with the Associate Dean of Students for Care, Access, & Community Standards as part of the process.
