

SCHEDULE OF CONTINUING EDUCATION AND EVENTS

THURSDAY, SEPT. 16

Logan University Campus

10 a.m.

Registration opens

1 – 1:50 p.m.

Leading the Way Into 2021 with Evidence-Informed Myofascial Therapy

Sponsored by Active Release Techniques®

Michael Leahy, DC

Jason Pajaczkowski, CSCS, CPT, DC, FRCCSS(C), FCCPOR(C), DACRB®, ART®, D. Ac, FMS, SFMA, PRI, IT

Dr. Leahy is founder of ART® and the Elite Provider Network. Dr. Pajaczkowski is an Active Release Techniques® (ART®) instructor and Fellow of the College of Chiropractic Sports Sciences. In this session, Drs. Pajaczkowski and Leahy will lead a fast-paced review of the current literature related to the role of fascial tissue and how it interacts with muscles, nerves and other tissues. They will address the overall effect it has on a patient's health and well-being and provide a demonstration.

2 – 2:50 p.m.

The Cervical Spine

Sponsored by Logan University

Michael Wittmer, DC ('80)

Dr. Wittmer maintained a private practice for 30 years and has been serving on the faculty of Logan since 1984. In this session, Dr. Wittmer will present on the anatomy and biomechanics of the cervical spine, diagnosis and assessment of various conditions, and adjusting concepts, including manual and vertebral contacts.

3 – 3:50 p.m.

Utilizing an HVLA Technique in the Lumbar Spine for Multiple Pain Generators

Sponsored by Logan University

Anthony Miller, DC ('99)

Dr. Miller is an associate professor at Logan University and chiropractic physician at Esquire Sports Medicine & Rehabilitation in St. Louis. Dr. Miller will discuss lumbar anatomy, pain generators in the lower back, and challenges using the HVLA technique to address pain. He will also demonstrate the HVLA technique.

4 – 4:50 p.m.

Review of Up-to-Date Science-Based Studies Related to Structural Problems, Loss of Range of Motion and Pain

Sponsored by Food Enzyme Institute

Dennis Frerking, DC, FIACA

Dr. Frerking serves as director of clinical sciences for the Food Enzyme Institute™ and has been a Logan University postgraduate faculty member since June 2019. Dr. Frerking will present up-to-date, science-based studies

about musculoskeletal problems to provide a common-sense approach to decrease pain, increase motion and live a more vibrant life.

5 – 7 p.m.

Purser Center Social Event

Sponsored by Loomis Enzymes

Join us for a cocktail reception and networking event in the William D. Purser Center at Logan.

FRIDAY, SEPT. 17

Hilton St. Louis at the Ballpark

7:30 – 8:20 a.m.

Unification: A Call for Collaboration/EPIC – Our Greatest Global Opportunity

Sponsored by Logan University

Clay McDonald, DC ('82), MBA, JD

Richard Brown, DC, LLM, FRCC, FBCA, FEAC, FAEC

Dr. McDonald serves as president of Logan University, a role he assumed in March 2013. In 2018, Dr. McDonald was named Educator of the Year by the Missouri Chiropractic Physician's Association. Dr. Brown is the secretary-general of the World Federation of Chiropractic (WFC) and is responsible for strategic policy development. In this session, Drs. McDonald and Brown will discuss how every chiropractor can integrate the WFC's global principles to advance chiropractic through evidence-based, people-centered, inter-professional and collaborative care.

8:30 – 9:20 a.m.

Technique: How We Adapted for the Future: To be a Success You Must Have the Following: Great Content, Repetition and Accountability

Sponsored by Activator Methods

Arlan Fuhr, DC ('61)

Dr. Fuhr is founder and chairman of Activator Methods International and co-inventor of the Activator Adjusting Instrument and Activator Method Chiropractic Technique. He will review the three keys to performing the Activator Method, introduce the Activator Methods International virtual training platform and share recent clinical research trials.

40-minute break

10 – 10:50 a.m.

Adolescent Health: A Focus on Care

Sponsored by Logan University

Kristina Petrocco-Napuli, DC, MS, FICC, FACC

Dr. Petrocco-Napuli serves as assistant dean of Logan's College of Chiropractic and president of the American Chiropractic Association's Council on Women's Health. In this session, Dr. Petrocco-Napuli will address the importance of educating families and young women on well-

ness and focus on the most commonly seen conditions within this patient population along with treatment options and educational strategies.

11 – 11:50 a.m.

Microbiome in Gut Health: Target Prebiotic and Probiotics

Sponsored by Standard Process

Weston Bussler, PhD

Dr. Bussler is part of the research and development team at Standard Process as a nutrition scientist. His work involves translating novel research insights and natural product innovations into successful products and educational material for health care practitioners to support health and wellness. In the first hour, Dr. Bussler will provide an overview of the lower gastrointestinal (GI) tract, including common GI issues and gut permeability and its connection to the microbiome and whole-body health.

12 – 1:30 p.m.

Logan University Awards & Scholarship Luncheon (Invitation only)

1:30 – 2:20 p.m.

Microbiome in Gut Health: Target Prebiotic and Probiotics

Sponsored by Standard Process

Weston Bussler, PhD

In the second hour, Dr. Bussler will explore lifestyle influences on the GI microbiome, roles biotics play in supporting health, different types of pro- and prebiotics, and strategies for combining various microbiome-modifying substances.

2:30 – 3:20 p.m.

The Future of Cybersecurity: Emergency Responses and How to Prevent Attacks

Sponsored by Dr. Ty the Compliance Guy

Ty Talcott, DC ('78), CHPSE

Dr. Talcott is a certified HIPAA privacy and security expert and has consulted thousands of health care practices relative to business development and protection. In this session, Dr. Talcott will present a case study and address how to handle a cyberattack and prevent ransomware attacks.

3:20 – 4 p.m.

40-minute break

4 – 4:50 p.m.

Chiropractic Care and the Pregnant Mom

Sponsored by Logan University

Tiffany Daniels, DC, MCS-P

Dr. Daniels owns and operates Chiropractic Care of Lexington. She is a member of the International Chiropractic Pediatric Association and is certified in the Webster Technique. She will discuss the importance of chiropractic care during pregnancy, adjustments for pregnant women, and tools to educate obstetricians

and patients on why pregnant women should receive chiropractic care.

5 – 5:50 p.m.

Healthy Solutions for Your Chiropractic Patients that Suffer from E.P.P. (Excessive Pandemic Pounds)

Sponsored by ChiroThin, LLC

Chris Colgin, DC

Dr. Colgin's chiropractic practice, iChoose Wellness Center in San Mateo, California, focuses on offering patients all-natural, supervised weight loss programs, lifestyle modifications, leaky gut solutions and science-based nutrition. In this session, Dr. Colgin will examine why adult obesity is increasing as well as how chiropractors can integrate nutrition into their practices to better assist patients.

6 – 8 p.m.

Mix & Mingle Reception
