9:30 a.m.  
William D. Purser, DC Center  
Logan College of Chiropractic  
1851 Schoettler Road  
Chesterfield, Missouri

## **JOSEPH W. HOWE, DC, DACBR, Fellow, ACCR**

There are few members of the American Chiropractic College of Radiology whose careers have been as influential as that of Joseph W. Howe, DC, DACBR. For more than five decades, Dr. Howe, 79, has distinguished himself by his contributions as a clinician, radiologist, educator, researcher, and mentor in the field of modern chiropractic radiology. His passion for academic excellence, critical scientific insight and professional advancement has left an indelible impact on the chiropractic profession. His influence is felt daily by the numerous residents, whom he has trained, and who themselves have become inspirational leaders in the chiropractic profession. Today, Dr. Howe still enjoys what he cherishes the most, teaching, as he routinely shares his vast clinical and radiological knowledge base with interns and residents at Logan College of Chiropractic. Dr. Joseph W. Howe has given the American Chiropractic College of Radiology and the chiropractic profession a legacy of unparalleled achievement as a role model and mentor for several generations of chiropractic radiologists. His name will always be associated with the incredible progress of chiropractic radiology in the 20<sup>th</sup> century. The Joseph W. Howe Oration in Diagnostic Imaging is designed to honor his extensive contributions to and achievements in the education, research and practice of chiropractic radiology.

## SHARON A. JAEGER, DC, DACBR

Sharon Jaeger, DC, DACBR has been in private practice for more than 30 years and also serves as radiologic consultant. She holds a Bachelor of Science degree and Doctor of Chiropractic degree from National College of Chiropractic. Dr. Jaeger obtained radiology residency training at National College of Chiropractic in 1977 then completed her training at Los Angeles College of Chiropractic in 1978 under the direction of Dr. Joseph W. Howe. She became a Diplomate of the American Chiropractic College of Radiology in 1980. In 1985, she became the first woman president of the American Chiropractic Board of Radiology (ACBR). Dr. Jaeger is the author of numerous articles in the field of chiropractic radiology and has served on several editorial boards. She is the author of *Atlas of Radiologic Positioning, Normal Anatomy & Developmental Variants*, and co-author of *Case Studies in Chiropractic Radiology*.
