

ADMISSION REQUIREMENTS: BACHELOR'S DEGREE PROGRAMS

BACHELOR OF SCIENCE: HUMAN BIOLOGY AND LIFE SCIENCE (3+1):

The Bachelor of Science degree programs have the following admission requirements:

1. Complete the online application.

2. For High School graduates and any student with less than 24 semester hours of undergraduate coursework (after graduating high school):

a. Request that an official transcript be sent directly to Logan University from accredited High School. If the applicant attended multiple institutions for high school or undergraduate course work, an official transcript must be sent from each institution directly to Logan.

b. 2.5 CGPA from high School

c. ACT/SAT Score (within 7 years) - Logan University does not offer pre-college/ remedial level course work. SAT/ACT scores are used to help determine preparedness for college level English and math course work at the minimum of the 100 level.

i. ACT Composite Score Minimum: 23

ii. SAT Composite Score Minimum: 1100

d. Student with a high school CGPA between 2.0 to 2.49 may appeal for Alternative Admissions acceptance to the Admissions Committee.

i. Students will be coded as AATP-PREQ.

ii. Logan University reserves the right to outline special conditions of acceptance for AATPPREREQ students they believe will optimize a student's chances for success such as reduced course loads, required tutoring, required meetings with academic success coaches, etc.

e. Student without ACT/SAT Score may appeal for Alternative Admissions acceptance to the Admissions Committee.

i. Students will be coded as AATP-PREQ.

ii. Logan University reserves the right to outline special conditions of acceptance for AATPPREREQ students they believe will optimize a student's chances for success such as reduced course loads, required tutoring, required meetings with academic success coaches, etc.
