Scope: Doctor of Chiropractic Program

Responsible Executive: Provost/CAO

Offices Responsible for Reviewing this Policy: Provost, Deans of the Colleges

Recipients: Faculty and Staff of COC, Registrar, Student Affairs, Academic Success Coaches

Publications: Student Handbook, University Catalog, Website

Definitions: N/A

Policy Title

Doctor of Chiropractic 1st Term GPA Requirement

Policy Statement

Students enrolled in their first term in the Doctor of Chiropractic program will not be allowed to register for courses not included in the first trimester curriculum. A student enrolled in the chiropractic program earning a 1st term GPA < 1.50 will be dismissed from the College of Chiropractic with no opportunity to appeal.

Procedures

As students are registered for their first term in the Doctor of Chiropractic program, they will not be able to register for courses offered in later trimesters within the program.

Academic Success Coaches will ensure first trimester students are taking only those courses outlined in the curriculum as first trimester courses.

The Dean of the College of Chiropractic receives a list of students and their first term GPA on the day after grades are recorded by the Registrar's office. Any student having a 1st term GPA < 1.50 will be dismissed from the College of Chiropractic. The student will receive a dismissal notification from the Dean, a hold placed on their account, and all courses chosen during pre-registration for the subsequent trimester eliminated.

Students from the Doctor of Chiropractic program dismissed under this policy may be eligible to return under the COC Reinstatement Policy. If the student's term GPA is <1.50 after returning under the COC Reinstatement Policy, the student will be considered academically dismissed and will no longer be eligible for readmission.
